

LET'S JOIN HANDS TOGETHER - A CALL ON ALL LEGAL LUMINARIES

In this our great task of seeking to excavate all novel judgments of the Court of Appeal (past and present) in areas of law that don't usually reach the Supreme Court, we need the assistance of all the members of the Legal Profession (the bench and the bar). We request that any certified true copy of such judgments in your possession be photocopied and mailed to us for publication. We also need your assistance in writing to inform us about the overruling of any principle of law that tend to escape our attention to enable us publish an up dated information. There seems to be a distinction between overruling the Court of Appeal on other grounds in which case the principles of law in the judgment are still correct and overruling that court on the ground of inapplicable principle of law. As we receive your assistance in this direction, you are joining hands together with us in building up our most learned and noble profession.

O. O. NOEL ESQ.
CHIEF EDITOR

CORRIGENDUM

COURT OF APPEAL LAGOS DIVISION. (See p. iv inside)
