TO THE 2000 SET OF THE KLR (ALL SC/NOVEL CA)

REDUCTION IN PRICE & LIBERTY TO PAY IN COPIES UPON SUPPLY

In view of our present dynamism of adding novel Court of Appeal cases as from January, 1998, (i.e. those decisions of the CA on subject matters that don't usually reach the Supreme Court) many members of the Bar and Bench have indicated their interest in buying the Kings Law Reports. But some said that their handicap was the bulk advance full payment for the year's subscription.

In keeping with our vision of making law reports available and affordable to all towards the promotion of justice, we have both reduced the price of the KLR per yearly set and also now allow subscribers who so desire to be paying in copies upon the receipt of each book.

CALL FOR JOINT VENTURE IN NOVEL CA CASES

The Court of Appeal case at p. 175 of this part is on a very unique aspect of BAIL. We call on all members of the Bench and Bar to keep forwarding to us such novel CA cases within their custody for immediate publication. Our appreciation goes to H.N.C. Moghalu Esq. of the Onitsha Bar who supplied the case to us with an information that it was not published in any other law report. The date of such CA decision is irrelevant. Once it is dynamic and seems to be the law on that issue, send it to us and we would publish it to make legal authority available in all areas of law.
